WORK EXPERIENCE

AUSTIN EASTCIDERS

Production Manager – Sep 2017 – 2020
Canning operator – may 2017 – Sep 2017
Kegging operator – Nov 2016 – may 2017
Cellar hand – Apr 2016 – Nov 2016

- Supervise a shift of 8–12 people
- Lead daily meetings with my team to review and assign duties based on daily quotas and ensure we meet GMP standards
- Ensure team Compliance with all company and safety policies and procedures.
- Conduct maintenance on all of our packaging machines and operational tools when needed
- Collaborate with technical and administrative teams to develop and implement packaging plans
- Coordinate with other teams in our warehouse and fermentation departments to ensure we have product ready for packaging and product ready to ship to our vendors
- Work along side technical and administration teams to evaluate production levels, quality standards and maintenance actions to identify and address operational problems and maintain targets
- Communicate with technical team to oversee routine maintenance programs and scheduled service to keep equipment functioning at peak levels
- Assess quality control data with QA managers and Administration teams to monitor and detect issues with quality of final products and improve overall quality management practices
- Conduct End of Shift reports that detail completed packaging numbers and inventory needs
- Complete detailed Downtime report at end of shift to account for any lost production.
